XXth CENTURY DECORATIVE ARTS  
PARIS

## JULES LELEU (1883-1961)

Guéridon, Circa 1940

Leleu a designed this table as part of his work for the French government during the 1930s. The table is a classic example of his style, combining traditional craftsmanship with modernist influences.

The table is made of wood and features a glass top with a decorative pattern of interlocking lines. The legs are made of wood and are designed to be both functional and aesthetically pleasing.

The table is a classic example of Leleu's style, combining traditional craftsmanship with modernist influences. It is a beautiful piece of furniture that is both functional and aesthetically pleasing.

H 74 - L 90 - P 90 cm (H 29.1 - W 35.4 - D 35.4 in)
